" The dangers of arbitrary and inconsistent viewpoint censorship are only increased when enforced by police states masquerading as democracies using opaque procedures that fall woefully short of due process and are insensitive to local context, including sarcasm, lampooning, humour, satire and parody."

God shits out two more buffoons who agree to subvert democracy in an blatant attempt to give one of them a leading position as top puppet of the Big Oil monopoly.

Western neo-cons agree to thwart legalization in order to maintain the police marijuana monopoly.

No, I don't particularly blame Jody Wilson-Raybould for stabbing me in the back because she either has a touch of FAS Syndrome, or else it's residential school's fault.

Who knew people would be so surprised or upset that I would cheat, lie or even break the law to become their leader? All *conservatives* accept this as being "normal."

If I put up a strong enough showing, maybe Bernie Sanders will pick me to be his vice presidential running mate for the 2020 election.
Then I'll cosby the old fart with Novachok and become POTUS #46, Unless of course Trump somehow manages to win re-election.
Still, it's worth a shot.

MISSION ACCOMPLISHED

Conservative party mole Jody Wilson-Raybould infiltrated the governing Liberal party and weaseled her way to the top of the Justice Department before spectacularly detonating in a pre-planned event that caused serious harm to Canada's international reputation as a nation above others in honesty and fair play .

Yes, it's true - I am Conservative through and through. Several years ago Pierre Poilevre suggested I join the Liberal party and be Harper's inside person, his mole, if you will. I agreed, but only if Peter McKay would bifurcate my brains out. They all reneged, they're all liars, so here I am telling you my sad, sad story.

The American people - what a bunch of poor shmucks! Even if they knew that *I stole Election 2016* through the deft use of *voting machines that leave no paper trail*, they will *still* vote for me in Election 2020 after I start bombing the hell out of Venezuela, because Americans *always* support their leader during war time, even if it's an illegitimate war. And *if* for some reason they don't, I *always* have those paper trail-less voting machines to fall back on. A more stupid bunch of bastards the world have never seen!
